Documentation updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for updated documentation, visit <https://www.microfocus.com/support-and-services/documentation/>.

Support

Visit the [MySupport portal](#) to access contact information and details about the products, services, and support that Micro Focus offers.

This portal also provides customer self-solve capabilities. It gives you a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the MySupport portal to:

- View information about all services that Support offers
- Submit and track service requests
- Contact customer support
- Search for knowledge documents of interest
- View software vulnerability alerts
- Enter into discussions with other software customers
- Download software patches
- Manage software licenses, downloads, and support contracts

Many areas of the portal require you to sign in. If you need an account, you can create one when prompted to sign in.

Contents

- New in this Release 4
- Resolved Issues 5
- Documentation 6

New in this Release

The following new features were released in Answer Server version 12.12.0.

Fact Bank

- Factbank can now answer questions that require a particular value to be above, below, or between a numerical value. For example: *What products are there with interest rates above 0.3%?* or *What products are there with interest rates between 0.1 and 0.3%?*

Where you know the entity, you can also ask questions of the form *What is the X Y above Z?*. For example *What is the France population above 60000000?*.

Resolved Issues

The following issues were resolved in Answer Server version 12.12.0.

- **(Security update)** The third-party OpenSSL library has been upgraded to version 1.1.1n to resolve a security vulnerability, CVE-2022-0778.

Documentation

The following documentation was updated for Answer Server version 12.12.0.

- *Answer Server Reference*
- *Answer Server Administration Guide*
